Aptech Computer Education · 2023 – 2024

CERTIFICATION

Web Developer with Python
Aptech Computer Education · 2024

LANGUAGES

English
Fluent

PROFILE

Frontend developer with 4 years of experience building responsive websites and web applications, including 2+ years in a professional team at 7Forge LTD. I turn designs and client requirements into clean, reusable React and Next.js components, connect them to REST APIs, and ship them on Vercel. I designed, built and launched Empowered2Play, a live platform for gaming tournaments and peer-to-peer football predictions. Known for close attention to UI detail, mobile-first thinking, and learning new tools quickly.

EXPERIENCE

Frontend Developer · React & React Native
Aug 2024 – Present

7Forge LTD · Abuja, Nigeria · Mid-level

- Build and maintain responsive websites and web apps with React, Next.js and Tailwind CSS that work smoothly on mobile, tablet and desktop.
- Convert UI designs and client requirements into clean, reusable components.
- Integrate front-end features with REST APIs, handling data fetching, loading states and errors.
- Test, debug and fix issues to improve performance and user experience.
- Manage code with Git and GitHub, deploy on Vercel, and deliver projects on time with the team.

Freelance Web Developer
2022 – Present

Self-employed · Nigeria

- Design, build and deploy websites for local businesses, including a fashion brand in Surulere, Lagos.
- Find prospects, pitch with live preview sites on Vercel, and refine designs from client feedback.
- Started alongside my Computer Science degree and continued next to full-time work.

PROJECTS

Empowered2Play
empowered2play.com ↗

Next.js · React · Tailwind CSS · REST APIs · Vercel

- Designed, built and launched a live platform where gamers and football fans compete head-to-head.
- Built the full tournament flow for CODM and eFootball: qualifiers, group stages and knockouts.
- Built the peer-to-peer football prediction experience; currently leading the platform's redesign.

Treda — Local Marketplace
IN PRODUCTION

Marketplace · Seller dashboards · Secure online payments

- Marketplace that gives local entrepreneurs, artisans and service providers a digital shop in minutes.
- Seller dashboards for listings, orders and performance; buyers discover, compare, order and book locally.
